Dear Parents,

Thank you for:

- your support, hard work and cooperation!
- field trips.
- your wonderful children.
- the fantastic parties.
- all the gifts and kind words during the year.
- being in the classroom.
- having your child play games and do activities during the summer that include MATH. Make a plan to use IXL all summer!
- having your child READ and WRITE something every day during the summer. *(Your local librarian is a great resource. He/she will help you pick out great books). Make a plan to use RAZ Kids all summer!

Dear Kids,

Remember to talk to God every day, read, write in a journal, write the alphabet and your numbers, practice tying shoes, read clocks, count money, read the calendar, count in number patterns, add and subtract, and HAVE FUN!

ENJOY THE SUMMER!

Ms. McCulloch
