Summer Camp 2022

St. Albert's Summer Camp families,

We are so excited to be able to have a fully normal summer camp this year! With the lessening mandates and lowering cases we feel confident to plan our summer camp with no restrictions. Families who have been here for years know what our camp usually looks like, but for those who are new, we have a fun filled summer planned this year. We will have pool days, educational programs correlated to our themed weeks, BBQ's, our annual talent show and overnight camps! This year's summer camp is going to be a total of 9 weeks. It will start on June 13th and last until August 12th. Summer Camp will be open Monday – Friday from 7:00 AM – 6:00 PM. We cannot begin to express how happy we are to finally be having our summer camp back 100% and we can't wait for a great summer! Please email Thomas Leeming at tleeming@stalbertreno.org with any questions. See you soon!

IMMUNIZATION LAW

The Nevada School Immunization Law requires that children be up-to-date on their immunizations to attend school or child care centers. Because childhood diseases like measles can spread quickly, children need to be protected before they enter school. Most children need booster immunizations before entering Kindergarten. **An original up-to-date immunization record, issued by the Washoe County Health Department or a physician, must be on file in the school office prior to your child's first day of school.**
