

# The PTO Flyer

a monthly update

## Events

Next PTO Meeting:  
**October 17, 2017**

Welcome Fall! With the chilly mornings please be sure that names are written in your childrens clothing as they tend to take off their jackets and sweatshirts and leave them on the playground. This makes it difficult for people who empty out the Lost and Found.

PTO focus for October is STEM night. We will have a short discussion from TJ May from the KOC about the Knight's various programs. Also, the Book Fair will be open to finish off the evening.

## Thanks

We wanted to say thank you to all those that volunteered to help count money for the cookie dough and wrapping paper fundraiser.

The Saint Albert's PTO would also like to acknowledge and congratulate Architectural Design Group (Rob and Danielle Fabri). In late September, they accepted an architecture award for educational design for the work they did for the front of our school. This award covered design projects in both California and Nevada that were constructed in the past five years. For those of you that don't know, the original school was built in the 1960's and was in desperate need of a secure and redesigned entry. The new design gave our school a more significant front door, inviting entrance, and overall focus to the building while still connecting to the existing structure. It is awesome to see the recognition of the work that Rob and Danielle did to help update our school and make it more safe and appealing to all. Mr. Perry has a plaque that was given to him as part of the award if you would like to see it. And thank you to all of those that donated to help make the dream a reality. We could not have done it without you!

## Help

The PTO Board currently has an opening and will be taking applications. Please ask Miss Lisa in the main office for an application if you are interested.
